

# Reeves & Partners choose Camelot

## Camelot relieves us of a considerable amount of time and problems

*"Camelot's approach of assisting with security, addressing the need for emergency repairs and providing regular reports have relieved both our clients and us of a considerable amount of management time and potential problems. We look forward to continuing our relationship in the future"*

Nigel Grugeon, FRICS | Reeves & Partners Property Consultants

### Project

### Property holdings owned by Charities

### Problems

- Properties were at high risk of criminal damage and metal theft
- While vacant, the portfolio was deteriorating and losing value prior to sale
- Due to the remote location of some properties, access for potential buyers was limited

### The Camelot Solution

- Carefully vetted Live-in Guardians occupied and secured property portfolio across UK
- Regular inspections planned and reactive and remedial maintenance work carried out by Camelot
- Guardians facilitate access for viewings and other inspections

### Results

- Cost effective & efficient property management
- Vast reduction in criminal activity
- All maintenance and emergency incidents reported and followed up meaning value of site is retained
